I sent spreadsheet to Vicki lane because she said she was working with R8 HR or HQ on the waivers.

Check: I see that Steve sent Kathy the message and form on the pay cap info the Durango AC wanted.

OK. Kathy there was a message from Steve that the Area Command was asking us to fill out a form that we already filled out and sent to HQ on the pay cap waiver (this is for those who's salary would exceed the bi-weekly pay cap for incurring OT).

Can you talk with Steve to see if we really need to fill the form the AC sent? I don't want to confuse the issue or do double work. I'll find Steve message and send it to you.

Barbara: if you can send Kathy what you sent to our comptroller and HQ on the pay cap info, that way she will have it.

Thank you both.

Yes but they still have no resolved question about SEMS. R6 is not going to do anything different until they answer the SEMS question. On daily FSC call between three regions R6 and R9 told the R8 comptroller that we were still going to charge our regional SSID until the SEMS question was answered. Kathy Meltzer is going to brief Serena on why we would like to keep our own for tracking the Navajo costs but if forced to use R8's we will have to set up an OU. Kathy is working issue.

Attached please find the instruction/guidance on how to ensure proper charging and tracking of payroll, contracts, and travel resources associated with the response to the Gold King Mine Release. While this may only currently affect some of you, I felt it would be prudent to share with all of you as some of your regional staff may be traveling to assist.

Please share with others as appropriate.

Thank you.
